

Daroeira Farm: An Integrated Agrifood and Environmental System

Manuel Chaveiro Soares

Animal Task Force

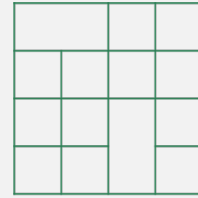

Bruxelles, 20th November, 2024

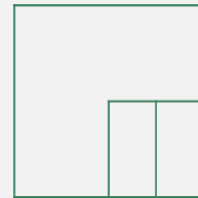

North

- Small property
- Poultry production

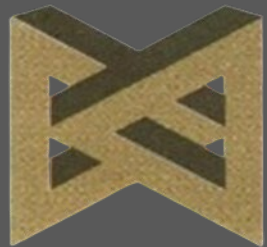

South

- Large property
- Florest, olives

Valouro Group
since 1875
Portugal

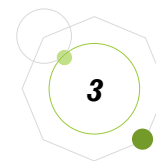

1996

Acquisition of Daroeira Farm (2400 ha)

Three main objectives:

- 1 – Biosecurity
(no poultry production in the region)
- 2 – Circular economy
(large space to make broiler production more sustainable)
- 3 – Low carbon footprint
